Scottish Indexes Conference

If someone had told us back in March that by August we would have held five conferences, we would never have believed them, but here we are!

As ever, we have endeavoured to collate the links that were mentioned throughout the conference so that you can work through them in your own time and hopefully find out more about your Scottish ancestors.

Please feel free to share the PDF with fellow researchers who you think will be interested.

If you have missed previous events, go to our website (<https://www.scottishindexes.com/pastconferences.aspx>) to see what you have missed and catch up with some of the presentations that are available online.

The conferences are funded by your voluntary contributions. We want to keep these events free, so if you can, please consider making a small donation through www.scottishindexes.com if you are able to do so.
